

# MOHAMMED ASHIQ K

## WEB DEVELOPER

Malappuram, India • 08089478789 • [ashiqkakkat01@gmail.com](mailto:ashiqkakkat01@gmail.com) • [LinkedIn](#)

## PROFESSIONAL SUMMARY

---

Motivated MERN Stack Developer with expertise in building scalable web applications. Seeking a Senior Developer role in Fintech to lead teams and develop secure financial solutions. Skilled in JavaScript, React, Node.js, MongoDB, Agile, RESTful APIs, and cloud platforms (AWS, Azure, GCP).

## WORK EXPERIENCE

---

### MERN Stack Developer Intern

Techolas Technologies Pvt Ltd, Calicut, Kerala

Aug 2024 - Present

Built a full-stack MERN app, utilizing React, Redux, Node.js, Express.js, and MongoDB. Optimized performance with caching and query enhancements for high-traffic loads. Created a custom UI library, reducing development time by 15% and improving code reusability.

## EDUCATION

---

### MERN Stack Development

Techolas Technologies Pvt Ltd, Calicut, Kerala

Aug 2024 - Present

### Bachelor of Science in Computer Science

University Of Calicut, Malappuram, Kerala

Apr 2021 - Jul 2024

## PROJECTS

---

### On Algo Trading

Mar 2024 - Jul 2024

- Also known as automated trading, is a method of executing orders using automated pre-programmed trading instructions accounting for variables such as time, price, and volume.
- Developed and back tested algorithmic trading strategies. This highlights your ability to design and implement trading rules, analyze historical market data, and evaluate the performance of your strategies using back testing techniques.

### E-Barber Website

Dec 2024 - Dec 2024

<https://monuashiq.github.io/E-BARBER/>

- Developed a web application that allows foreign tourists to easily book appointments at barbershops in a specific region.
- Developed a web-based appointment booking platform for foreign tourists seeking barbershop services in a specific region. Utilized HTML, CSS, and JavaScript for front-end development.
- Prioritized user experience by creating an intuitive and visually appealing interface, ensuring accessibility for international users, and focusing on a smooth and efficient booking process.
